

What's Next?

Congratulations! You've elected the YourWay ICHRA benefit and selected a plan that best fits your needs! To complete your enrollment, there are a few final steps.

The guide below outlines what to expect and what actions you need to take to finalize your enrollment.

Your elected carrier: [United Healthcare](#)

ONE

Receive and Activate Your OneBridge Visa Benefits Card

If you don't already have a OneBridge Visa Benefits Card, you will receive one in the mail.

If you are a current participant and changing carriers, you can use your existing benefits card.

TWO

Watch For Your Application

You'll receive a text message when your application is sent to your email.

This will happen once your account is funded during the first week of December.

THREE

Complete and Submit Your Application

Open the email, review the application, and sign the document as needed.

In the payment section, enter your OneBridge Benefits Card information to make your initial payment.

FOUR

Set Up Recurring Payments

After your plan's effective date, visit myUHC.com/exchange to set up recurring payments using your OneBridge Visa Benefits Card.

Alternatively, you can call **(866)-569-3468**.

Important: Your coverage will not start unless you make your initial payment. If this payment isn't made, your application will be voided.

To keep your coverage active, be sure to pay your premiums on time or set up recurring payments – missing payments will result in termination of your insurance for the rest of the year.
