

What's Next?

Congratulations! You've elected the YourWay ICHRA benefit and selected a plan that best fits your needs! To complete your enrollment, there are a few final steps.

The guide below outlines what to expect and what actions you need to take to finalize your enrollment.

Your elected carrier: UPMC

ONE

Your Initial (Binder) Payment

OneBridge will make this initial payment on your behalf.

However, you'll be responsible for managing and making all future monthly premium payments directly with UPMC.

TWO

Receive and Activate Your OneBridge Visa Benefits Card

If you don't already have a card, you will receive one in the mail.

If you are an existing participant switching carriers, you can continue using your current card

THREE

Set Up Recurring Payments

Use your OneBridge Visa Benefits Card to set up recurring payments with UPMC. To get started:

1. Access your account

Log in to your UPMC Health Plan account via:

- The member website at upmchealthplan.com, or
- The UPMC Health Plan app (iPhone or Android)

2. Navigate to payments

- **Website:** Go to **Spending and Billing > Premium Payments**
- **Mobile App:** Go to **Account Hub > Manage Premium Payments**

3. Or set up by phone

Call the toll-free number on the back of your member ID card and press 1 for payment

Important:

To keep your coverage active, be sure to pay your premiums on time or set up recurring payments – missing payments will result in termination of your insurance for the rest of the year.
